

**University of Wisconsin Medical School  
Oversight and Advisory Committee**

**Public Health Education and Training Subcommittee**

*Statement of Purpose*

The purpose of the Public Health Education and Training Subcommittee of the UW Medical School OAC is to provide advice and recommendations to the OAC on the development of education and training programs in population health with public health practitioners in the state as described in *The Wisconsin Partnership Fund for a Healthy Future*.

The Public Health Education and Training Subcommittee will:

- Provide recommendations on public health education initiatives including the Wisconsin Public Health Leadership Institute, the Community-Based Population Health Practice Fellowships, and Continuing Education on Public Health topics;
- Assure that educational initiatives address identified public health education needs of practitioners in the state;
- Review proposals and make recommendations for new and emerging educational training programs;
- Explore collaborative educational initiatives with the Medical College of Wisconsin;
- Assure involvement of the broader public health community;
- Use the state health plan as a guiding resource.

#### Membership

Members of the Public Health Education and Training (PHET) Subcommittee will be appointed by the OAC Chair, with the advice of the OAC, and may include individuals not appointed to the OAC. External members may include representatives from community organizations, public health groups, the Wisconsin Department of Health and Family Services, the Wisconsin Public Health Association, educators, and the Medical Education and Research Committee.

The PHET Subcommittee should include at least two members of the OAC and three external members, with at least one member from a governmental public health organization and one member from a not-for-profit community organization. The chair of the PHET Subcommittee will be appointed by the OAC chair.

The PHET Subcommittee will be staffed by the program administrative staff of The Wisconsin Partnership Fund.
